Welcome to iCare Recovery!

A Partnership Between River Edge Behavioral Health
and View Point Health

This website is a collaborative resource developed by River Edge and View Point Health, two Georgia behavioral health care providers, as part of the **SAMHSA** TCE Health IT Project. On September 30th 2010, River Edge Behavioral Health Center in Macon in partnership with View Point Health in Lawrenceville were awarded a 3 year TCE Health IT grant to leverage technology in assisting SA clients track their recovery outcomes.

We plan to develop this site into a source of support for your recovery, where you can connect to resources and use tools to track and maintain your recovery. Please check back with us frequently to see what's new!
