1. Reporting Period: July 1, 2014 – September 30, 2014
2. RFA Number: TI023816
3. Project Director: Erin Matis

Program at a Glance

What are the current technologies being utilized by the grantee?			
Irene Stacey Community mental Health Center has implemented the Cerner Anasazi electronic health record (EHR) system.			
Are there any notable changes this reporting period?			
<p>Due to adjustments in SAMHSA's reporting requirements, this is the first quarterly report submission from Irene Stacy.</p> <p>Since the last biannual report (August 2014), the project has accomplished the following:</p> <ul style="list-style-type: none"> Made progress on improving workflows and efficiencies for staff using the EHR platform Identified a new director of the substance abuse program Identified and downloaded content on the purchased iPads (as of September, the team began using them as an adjunct for group treatment) Made adjustments to the GPRA data collection process 			
What are the grantee's GPRA rates?			
	Target	Actual	Percent
Intakes (Baseline)	<i>180</i>	<i>55</i>	<i>31%</i>
6-Month Followup	<i>23</i>	<i>5</i>	<i>22%</i>
If intake or followup is below 80 percent, has the grantee described its plan to increase GPRA rates?			
<p>There is a revised plan to improve GPRA rates, given that previous plans have proven unsuccessful. The primary modification is to change the data collection responsibilities from the program director to individual clinicians. Program staff intend to implement a lottery-based incentive (gift cards) for clients to complete the survey.</p> <p>The fundamental issues with GPRA collection appear to be that workflow processes have not been adapted to reduce the time needed initially to collect information and opportunities to streamline</p>			

the amount of information collected have not been addressed.

Does the grantee need technical assistance? If yes, does the grantee have a request in SAIS?

The need for TA has been previously identified for this grantee; however, the program has never made a request and has not been receptive to the idea.

Are there any areas of concern in the report that require GPO attention?

It may be helpful for SAMHSA to encourage Irene Stacy to seek assistance with workflow and streamlining data collection if they are to improve their GRPA targets.
